

As the prices of standard telephone lines (POTS) continue to climb, and multiple providers eliminating or discontinuing some services altogether - there needs to be a 'Plan B'. BullsEye has you covered with a variety of options to suit your business needs and requirements. Let us help you to select the solution(s) that will work best for you.

A solid solution for replacing standard voice lines with a Broadband based VoIP system. Voice, chat, video & communication capabilities delivered through a single source.

A POTS over LTE or PoLTE solution for Fire Life & Safety lines which require 'always on' status and function better in an analog-type environment. No need to swap equipment.

A POTS over LTE or PoLTE voice add-on to the be-ALERT FLS solution which requires at least one be-ALERT seat license to qualify.

A Cable Co solution to replace copper Fire Life & Safety lines. We utilize leading cable partners nationwide to bring a robust and cost effective alternative to traditional POTS.
